

Regional Public Universities (RPUs) by Congressional District

Listing last updated: April 2025

AASCU created a list of regional public universities (RPUs) utilizing the most recent data from the Integrated Postsecondary Education Data System (IPEDS) conducted by the U.S. Department of Education. The list reflects institutions that meet AASCU's defined eligibility requirements in a given reporting year and will be updated annually.

RPUs were defined as public institutions that offer bachelor's degrees and above, where at least 50% of degrees conferred were at the baccalaureate level. With these criteria and the exception of Historically Black Colleges and Universities (HBCUs) and Tribal Colleges and Universities (TCUs), land-grant institutions were not classified as RPUs. Institutions that were state flagships or U.S. service affiliated were not included in the RPU definition.
