

AASCI Student Visa Application and Instructions

AASCI program students are eligible for the YES ([Young Envoys Scholarships](#)) program visas. To apply for a YES visa, please follow the steps below with your students:

1. **Notify your Chinese partner institution** and ask them to request a YES invitation letter for each of your students.
2. **Submit the YES invitation request** via this link: <https://www.pmplatform.youthlink.cn>. Make sure your partner institution submits your program along with all student information. When submitting the program, select the option for an *invitation letter for visa applications*, not YES funding.

Note: Requesting YES funding may delay the issuance of the invitation letter.

3. **Once you receive the invitation letter**, each student must apply for an **F visa** to China. Here is the link for [the F visa application](#).
4. **Important:** Applicants must first **submit their application materials online**, then **hand-deliver** all hard copies **in person** to the Visa Office.

Do NOT mail the documents.

To streamline the process, we recommend that the lead faculty member organize a session for all your participating students to complete the visa application and CSC scholarship forms together.
