

ENACTING THE VISION: INSTITUTIONALIZING CIVIC & COMMUNITY ENGAGEMENT ON CAMPUS

A cohort of senior campus leaders committed to operationalizing and sustaining civic and community engagement across their institutions.

Since 2020, ADP and Collaboratory have invited AASCU members to join cohorts and participate in meetings to connect with others to form a community of practice; in 2020 and 2021, those cohorts focused on strategies for data collection. For the 2022-2023 academic year, the program focuses on bringing small teams from each campus together to organize and collaborate on implementing an institutional vision for community engagement. As an added benefit, all teams can connect to other institutional teams to share best practices, refine their strategies, and have professional development opportunities.
